D I S C L A I M E R

This report, funded by the New Brunswick Department of Natural Resources and Energy and Energy, Mines and Resources Canada, is published as a public service for the information of the public. The parties do not, however, warrant the accuracy of its contents and cannot guarantee or assume any liability for the effectiveness of economic benefits of the devices and processes described in the report or that their use does not infringe privately-owned rights.

D E N I D E R E S P O N S A B I L I T É

Ce rapport, financé conjointement par le ministère des Ressources naturelles et de l'Énergie du Nouveau-Brunswick et Énergie, Mines et Ressources Canada, est publié à titre de service public. Les gouvernements fédéral et provinciaux n'assurent aucunement l'exactitude du contenu, l'efficacité des appareils et des procédés et, enfin, les économies que préconise le rapport. L'utilisation de ces systèmes de conservation d'énergie ne doit, à aucun moment, empiéter sur les droits d'autrui.

CANADA/NEW BRUNSWICK AGREEMENT ON CONSERVATION AND ALTERNATIVE ENERGY ACTIVITIES

The Canada/New Brunswick Agreement on Conservation and Alternative Energy Activities is administered in New Brunswick by the Department of Natural Resources and Energy, Energy Branch and managed jointly with Energy, Mines and Resources Canada.

The Agreement is designed for the development, demonstration and commercialization of energy conservation and alternative energy technologies. In all activities there will be an emphasis on information sharing and technology transfer. The goal will be to encourage investment in energy efficiency and alternative energy.

The Agreement also provides for increased cooperation, coordination and information sharing on conservation and alternative energy projects funded and delivered independently by each government. For further information on other projects funded in New Brunswick under this agreement, contact:
